Sunny Day Care Center provides a high-quality education for children ages 2 to 6, that is incorporated in fun and educational activities. We are a bilingual facility, English and Polish. We promote homemade meals that are prepared in our very own kitchen. Children participate in plays and perform for their parents on many occasions. We celebrate major holidays such as Christmas and Easter, where children grow spiritually in Roman Catholic faith, giving praise before every meal.

Additionally, we are offering piano lessons, dance and soccer.
